

Warranty & Disclaimers

Hälsa Baby All-In-One Wellness Monitor

Limited Warranty & Disclaimer Information

Limited Warranty | Disclaimer and Venue

LIMITED WARRANTY

Hälsa Baby warrants that the Hälsa Baby product will be free from defects in materials and workmanship, under normal use and service for a period of 1 year from the date of purchase as established by the purchase receipt. This limited warranty is only available to the original purchaser of the Hälsa Baby product.

At its option, Hälsa Baby may repair or replace the defective product or defective component part(s) in accordance with the terms of this limited warranty period. The replacement unit will be warranted only for the unexpired period of the original monitor's applicable warranty period. This limited warranty does not apply if the Hälsa Baby monitor has been damaged as a result of misuse, modifications or improper maintenance. This limited warranty is the only warranty for the Hälsa Baby. No one is authorized to make any other warranty on behalf of this monitor. Some states or countries do not allow limitations on how long an implied warranty lasts or for the exclusion of incidental or consequential damages, so these limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights depending on the laws of your state or country.

DISCLAIMER & VENUE

The Hälsa Baby Smart Sensor, Hub and Mobile app are intended to act as an aid in caring for your baby and are not intended to replace, be used without, or in lieu of, monitoring by a responsible adult.

By using the Hälsa Baby All-In-One Wellness Monitor, the user agrees and affirms that Hälsa Baby Inc., including its agents, employees, investors and members shall not be held liable for any loss, damage or injury arising in connection with the use or operation of the Hälsa Baby product, regardless of cause.

The Hälsa Baby All-In-One Wellness Monitor is meant for healthy babies, therefore, the notifications on the device are not as stringent as a medical monitor.

Remember:

- Do not use the Hälsa Baby device as a diagnostic tool
- Do not use the Hälsa Baby device if your doctor recommends the user of a hospital pulse oximeter
- Do not use the Hälsa Baby device if your doctor recommends the user of a hospital apnea monitor
- Do not use the Hälsa Baby device as an excuse for unsafe sleep habits

By using the Hälsa Baby All-In-One Wellness Monitor, the user agrees and affirms that any dispute arising out of its use or operation shall be brought in and heard by the Third Judicial District Court of Dallas County, State of Texas, USA.

READ THIS MANUAL

Inside you will find many helpful hints on how to use and maintain your Hälsa Baby All-In-One Monitor properly. The troubleshooting section provides answers to some problems. If you review the troubleshooting tips first, you may not need to contact us for assistance. Complete set up and use information is available online at www.halsababy.com.

READ THE SAFETY INFORMATION

Your safety and the safety of others are very important to us. There are many important safety messages in this manual and in the Hälsa App. Always read and obey all safety messages.

 This symbol is used in this manual as an indication of important safety information!

All safety messages will follow the safety alert symbol and either the word “DANGER”, “WARNING”, “CAUTION” or “NOTICE”.

These words mean:

 **DANGER** An imminently hazardous situation that will result in death or serious injury

 **WARNING** A potentially hazardous situation that could result in death or serious injury and/or damage to a property

 **CAUTION** A potentially hazardous situation that may result in minor or moderate injury

Warnings & Important Safety Information

 **WARNING:** The Hälsa Baby All-In-One Wellness Monitor is NOT a medical device.

The Hälsa Baby Smart Smart sensor notifies you if your baby's heart rate or blood oxygen levels are outside of the customized range. The Hälsa Baby All-In-One Wellness Monitor is generally designed for newborns to eighteen months. The Hälsa Baby All-In-One Wellness Monitor is not a medical device, it does not:

- Diagnose, cure, lessen, monitor, treat or prevent disease or injury
- Affect the function or structure of the body
- Achieve primary intended purposes through chemical actions
- Does not prevent SIDS (Sudden Infant Death Syndrome)

The manual serves two primary functions: To provide the user with the basic directions and recommendations for the proper installation and use of the Hälsa Baby All-In-One Wellness Monitor and, to explain features, operation, safety precautions, maintenance, and troubleshooting of the Hälsa Baby All-In-One Wellness Monitor. It is essential that all persons who are expected to operate or adjust the Hälsa Baby read the instructions carefully, that they understand how to properly operate and follow the instructions.

If you do not understand these instructions, please contact us right away at friends@halsababy.com or by calling 325-HALSA01 from 7AM-9PM CST Monday through Saturday.

 This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this product not authorized by party responsible for compliance could void the electromagnetic compatibility (EMC) and wireless compliance and negate your authority to operate the product.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
